

ApplicInt

Digital Solution Process

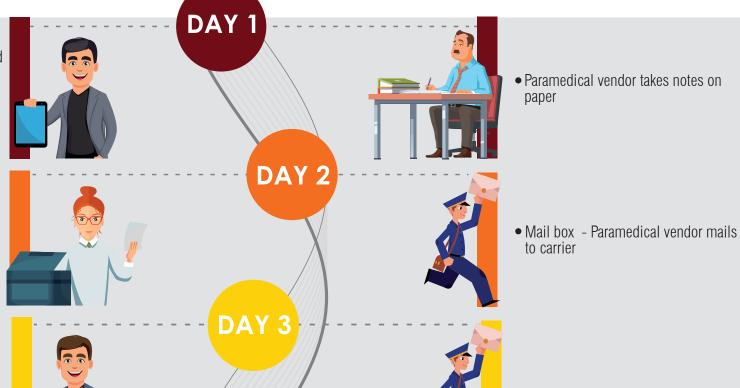

Manual Long Process

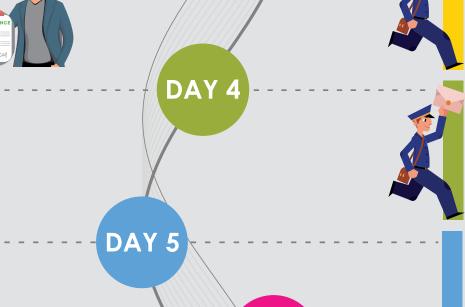

- Paramedical vendor does paramedical on tablet, verifies proposed insured and gets electronic signature (which then can be affixed to get APS if they use ONE TOUCH)
- Data is transmitted to carrier, PDF is created and transmitted to carrier
- Carrier prints out the PDF if they are unable to ingest the data

• PDF printed with typed complete data on Paramedical form delivered to underwriter.

CUT 5 days off process

 Scribbled paramedical matched and routed to underwriter

DAY 6

• Scribbled paramed arrives in mailroom
