

DIRECTING THE FULL POTENTIAL OF MEDICAL SCIENCE TO CHANGE THE COURSE OF YOUR HEALTH.

Since 2006, Medix has been mobilizing, connecting, and deploying the world's best specialists, researchers, medical engineers, treatments, and technologies to unleash their potential for better human outcomes.

We act as the essential hub of the health journey, **delivering impactful responses to any health need through any phase of life**, including:

MEDICAL PREVENTION + DIAGNOSTICS

Tools to reduce risk and get ahead of health challenges, from self-triage digital HRAs to personalized screening plans to early diagnostics and detection.

MEDICAL MANAGEMENT + NAVIGATION

Continuous and multi-disciplinary responses to serious and complex medical conditions, from holistic consultations to navigation of treatment.

REHABILITATION

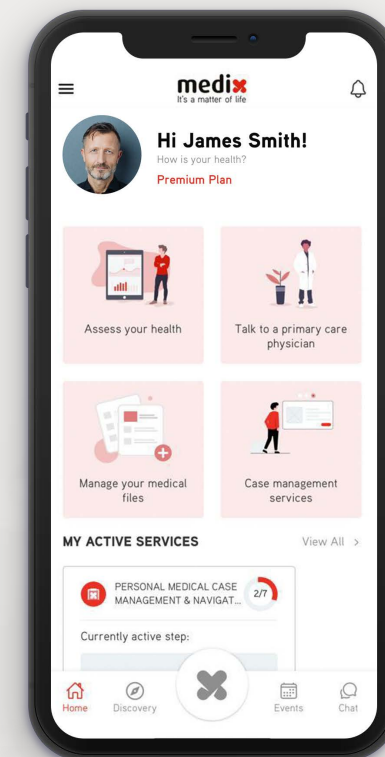

Support on the path to recovery, from multidisciplinary advice to personalized rehabilitation management services.

MENTAL HEALTH

Navigation for the complex world of mental health, from diagnosis to treatment to long-term management.

TELEHEALTH

Immediate and complete nationwide access to leading medical teams across specialties for responses and prescriptions for all health needs.

**The full power of Medix now delivered
in a one-stop, clinically-built app.**

HEALTH RESPONSES DISTINCTLY DIFFERENT IN OFFERING AND OUTCOMES.

Medix responses are one-of-a-kind in ambition and experience.
