LIC Annual Conference 2026	February 4-6, 2026	Tucson	<p>The LIC Annual Conference, organized by the Life Insurers Council (LIC), is a key event for senior-level executives from small-to-midsize life insurance companies. It's a forum designed to address the unique challenges and opportunities faced by these companies.</p> <p>Here's a general overview of the conference:</p> <p>Target Audience: The conference is specifically for senior management and executives from small and midsize life insurance companies.</p> <p>Key Focus Areas: The agenda typically revolves around core business functions and emerging trends relevant to the life insurance industry. Topics often include:</p> <ul style="list-style-type: none"> Technology and Innovation: The impact of new technologies, including artificial intelligence (AI), on operations, strategy, and customer experience. Data and Analytics: The importance of data-driven decision-making and business intelligence. Consumer Behavior: Understanding shifting consumer preferences and expectations. Operational Challenges: Discussions on issues like cybersecurity, employee engagement, and remote work structures. Regulatory and Legislative Issues: Updates and discussions on the legal and regulatory landscape affecting the industry. <p>Format: The conference combines expert presentations from thought leaders and subject matter experts with interactive, facilitated discussions. This allows attendees to not only hear from experts but also to share their own experiences and solutions with peers.</p> <p>Networking: A significant component of the conference is the opportunity for networking with other executives from similar-sized companies, fostering a collaborative environment for problem-solving and idea exchange.</p>		

VIVE 2026	Feb 22-25, 2026	Los Angeles	<p>VIVE is a major annual conference in the digital health sector, focused on the business of healthcare transformation. It's a collaborative effort from two prominent organizations: CHIME (College of Healthcare Information Management Executives) and HLTH.</p> <p>The conference brings together a diverse and influential group of attendees, including C-suite executives, senior digital health leaders, investors, policymakers, and startups. Its goal is to create a marketplace for innovation and business results by fostering connections and dialogue.</p> <p>Here are the key aspects of a VIVE conference:</p> <p>Focus on Digital Health: The event centers on how emerging technologies and digital solutions are changing the healthcare industry. This includes topics like artificial intelligence (AI), cybersecurity, data interoperability, and consumer-centric health experiences.</p> <p>Curated Matchmaking: A signature feature of VIVE is its emphasis on facilitated networking. The event often uses curated matchmaking programs, such as "Provider & Payer Connect," to set up one-on-one meetings between healthcare buyers and solution providers, making connections more efficient and targeted.</p> <p>High-Level Content: The conference features a dynamic mix of expert-led sessions, keynote addresses, and interactive discussions. The programming is designed to provide actionable insights and strategies for tackling major healthcare challenges.</p> <p>Networking and Collaboration: VIVE is known for its vibrant networking environment. Beyond the formal sessions, the event is structured to encourage collaboration and discussion among industry leaders, entrepreneurs, and policymakers.</p> <p>Exhibition Hall: A large exhibit hall showcases a wide range of healthcare companies and their innovative products and services, often with live demonstrations.</p> <p>Industry Trends: Recent VIVE conferences have heavily focused on topics like the practical application of AI in clinical settings, improving data security in the wake of cyberattacks, and the shift toward value-based care and population health management.</p>	https://www.viveevent.com/	
Medicare Marketing & Sales Summit	February 25-27, 2026	Las Vegas	<p>Get Fresh AEP Tactics and Compliance Insights!</p> <p>Margins are tighter, CMS scrutiny is rising, Stars pressure is real, and churn is costly. MMS 2026 is built for this moment. We focus on what moves the needle for Medicare Advantage teams—practical strategy, compliance clarity, and peer-tested tactics you can use immediately.</p> <p>Why MMS is different</p> <p>Medicare Marketing & Sales Summit (MMS) is intentionally small and community-first, built so you can actually meet the people you came to learn from. The agenda is tightly curated—less noise, more working sessions, and candid, peer-to-peer exchanges. Skip the expo sprawl and badge-scans; expect focused conversations with leaders who share what truly works (and what doesn't) so you leave with tactics you can use immediately.</p> <p>Tackle topics that continue to evolve:</p> <p>Compliance & Regulation – Navigate evolving CMS rules, marketing guardrails, privacy changes, and audit risk</p> <p>Member Retention & Experience – Reduce avoidable churn, improve CAHPS drivers, and personalize outreach that performs</p> <p>Innovative Marketing Tactics – Precision communications, research-driven creative, accountable media, and measurement that stands up</p> <p>Product Design & Strategy – Benefit sustainability, local market positioning, and 12–24 month road-mapping for growth</p> <p>Broker & Channel Performance – Enablement, training, and compensation alignment that converts—without compliance missteps</p> <p>Smaller by design. Smarter by content. Built for Medicare Advantage leaders who need results, not noise.</p> <p>This premier event is designed for senior-level insurance and reinsurance executives and is hosted jointly by the American Council of Life Insurers (ACLI) and the Society of Actuaries (SOA). Attendees can look forward to:</p> <p>Networking opportunities with industry leaders and peers</p> <p>Thought-provoking sessions led by top-notch speakers</p> <p>Superior networking opportunities to build valuable connections</p> <p>Interactive workshops and breakout sessions for hands-on learning and collaboration</p> <p>Attendees:</p> <p>CEO/Senior-level Life Insurance Executives: Top executives from life insurance companies</p> <p>Senior Reinsurance Executives: Leaders in the reinsurance sector</p> <p>Industry Experts: Specialists in life insurance and reinsurance</p> <p>Financial Services Executives: Decision-makers from financial services companies</p> <p>Regulatory Experts: Specialists in navigating financial regulations</p>	https://www.mms.risehealth.org/

InsurTech NY 2026 Spring Conference	March 30-31st	New York , NY	<p>The InsurTech NY Spring Conference is a significant annual event for the insurance technology community, particularly on the East Coast of the United States. It's a key gathering for all the major players in the insurance innovation ecosystem.</p> <p>Overview</p> <p>The conference is designed to bring together traditional insurers, InsurTech startups, investors, and other solution providers. The main goal is to foster collaboration and support the growing InsurTech community by providing a platform for networking, learning, and deal-making.</p> <p>Key Aspects</p> <p>Dual-Track Content: The event's agenda is structured into two main tracks: one for Property and Casualty (P&C) and one for Life and Health (L&H). This allows attendees to focus on the specific areas most relevant to their business, whether that's in P&C or L&H insurance.</p> <p>Startup Competition: A major highlight of the conference is its InsurTech competition, which is often cited as the largest of its kind on the East Coast. Startups pitch their ideas to a panel of investors, giving them a chance to gain funding and exposure.</p> <p>Target Audience: The conference attracts a diverse, senior-level audience. This includes executives from carriers, brokers, and solution providers, as well as VCs and other investors. This mix of attendees makes it a prime location for forging new partnerships.</p> <p>Key Themes: The sessions and presentations focus on the latest trends and technologies disrupting the insurance industry. Recent topics have included the practical application of AI and Generative AI, digital claims transformation, underwriting analytics, and strategies for customer experience optimization.</p> <p>Networking: The event places a strong emphasis on networking, providing attendees with a dedicated app and various opportunities to connect with peers and potential partners.</p> <p>The 2026 InsurTech NY Spring Conference is scheduled for March 30-31, 2026, in New York, NY, at Chelsea Piers, Pier 60.</p>	https://www.insurtechny.com/insurtech-spring-conference/	
April					
AHOU 2026 Annual Conference	April 19-22, 2026	Austin, Texas	<p>The AHOU Annual Conference is a major event for the Association of Home Office Underwriters (AHOU), a professional organization for those in the life insurance underwriting industry. The conference is a key gathering for life insurance underwriters and related professionals to connect, learn, and stay up-to-date on industry trends.</p> <p>Key Aspects</p> <p>Target Audience: The conference is specifically for professionals involved in life insurance underwriting. This includes underwriters from insurance carriers, reinsurers, and other related companies. It also attracts solution providers and vendors who serve the underwriting industry.</p> <p>Focus on Underwriting: The agenda is dedicated to topics that are essential to the underwriting profession. Sessions cover a wide range of issues, including:</p> <p>Medical and Non-Medical Risk Assessment: Learning about new medical conditions, treatments, and data sources for evaluating risk.</p> <p>Technology and Analytics: Exploring how AI, machine learning, and other technologies are being used to improve underwriting efficiency and accuracy.</p> <p>Regulatory Changes: Staying current on the legal and regulatory landscape that impacts life insurance.</p> <p>Professional Development: Sessions are often designed to help underwriters enhance their skills and advance their careers.</p> <p>Networking: A significant feature of the conference is the opportunity for networking. Attendees can connect with peers, industry leaders, and solution providers in the AHOU Solution Showcase, where vendors present their latest products and services.</p>	https://ahou.configio.com/post/2026-conference-short-info	

Medicarians	April 20th - 22nd, 2026	Fontainebleau, Las Vegas	<p>Medicarians is a major annual conference focused on the senior health and wealth distribution industry. It is considered one of the largest gatherings for professionals who serve the senior market.</p> <p>Key Aspects Holistic Focus: Medicarians covers the entire "aging ecosystem," bringing together both health and wealth distribution. The event explores how to help people live longer, better lives—physically, financially, and mentally.</p> <p>Target Audience: The conference is a key event for a wide range of industry professionals, including:</p> <p>Agents and Brokers: Attendees come to learn about industry trends, new products, and compliance requirements directly from carriers, health plans, and regulators.</p> <p>Agency Owners: The conference offers strategies for scaling an agency, navigating a competitive market, and leveraging new technology.</p> <p>Carriers and Health Plans: Executives and product developers learn about the latest product design trends and gather insights from distributors on what seniors want.</p> <p>Investors and Innovators: The event attracts venture capitalists, private equity firms, and startups focused on "AgeTech" (technology for aging).</p> <p>Comprehensive Content: The agenda features a mix of sessions on critical topics such as:</p> <p>Medicare and ACA: Discussions on current and future changes, regulatory challenges, and ethical practices.</p> <p>Ancillary Products: The growing importance of products like annuities, long-term care, and other financial security offerings for seniors.</p> <p>Technology: Sessions on leveraging AI, improving agent efficiency, and using data to boost business.</p>	https://medicarians.com/	
IRI 2026 Annual Conference	April 22-24, 2026	Tampa, FL	<p>The IRI Annual Conference is a major event for the insured retirement industry. Organized by the Insured Retirement Institute (IRI), this conference brings together professionals from across the entire supply chain, including life insurers, asset managers, and broker-dealers.</p> <p>The conference focuses on addressing the most important challenges and opportunities facing the retirement industry.</p> <p>Key Aspects Target Audience: The event is attended by senior leaders and professionals from all sectors of the insured retirement industry. This includes executives who are involved in the development, distribution, and management of annuity products and other retirement solutions.</p> <p>Content: The agenda is designed to be comprehensive and covers a wide range of critical topics, such as:</p> <p>Regulatory and Legislative Issues: Staying updated on changes in policy that affect retirement products.</p> <p>Technology and Innovation: The role of new technologies like AI and data analytics in improving operations and customer experience.</p> <p>Business Strategies: Discussions on product innovation, marketing, and distribution.</p> <p>Economic Trends: An in-depth look at how market conditions are shaping the retirement landscape.</p> <p>Format: The conference typically includes a mix of stimulating keynote sessions, thought-provoking panel discussions, and focused breakout sessions that allow attendees to customize their experience.</p> <p>Networking: A significant feature of the conference is the opportunity for attendees to network with peers and industry leaders, fostering collaboration and the sharing of best practices.</p> <p>The IRI Annual Conference is considered a premier event for anyone working in the insured retirement space who wants to stay informed on the latest trends, challenges, and business strategies.</p>	https://www.ironline.org/member-programs/conferences-events/	
Eastern Claims Conference 2026	March 22 - 24, 2026	Historic Boston Downtown Sheraton	<p>The Eastern Claims Conference (ECC) is an annual educational event for professionals in the insurance claims industry. It's specifically devoted to Life, Disability, Accidental Death and Dismemberment (AD&D), and Accident insurance.</p> <p>Key Aspects Target Audience: The conference is designed for a broad range of claims professionals, from those just starting their careers to senior management. Attendees are typically involved in performing claims-related functions for the insurance industry, including in-house and outside defense counsel.</p> <p>Educational Focus: The core purpose of the ECC is to provide in-depth, high-quality education. The program consists of numerous workshops and sessions led by industry experts. These sessions cover a wide variety of topics, including legal updates, trends, best practices, fraud issues, and new technologies.</p> <p>Networking: The ECC is highly valued as an opportunity to collaborate and network with peers. It provides a platform for professionals to meet, exchange ideas, and build relationships with colleagues and industry leaders.</p> <p>Continuing Education: A significant benefit of attending the conference is the opportunity to earn Continuing Legal Education (CLE) and Continuing Education (CE) credits, which are essential for maintaining professional certifications.</p>	https://easternclaimsconference.org/

Insurance Innovators 2026	May 11-12 2026	Music City Center, Nashville	<p>Insurance Innovators is a series of global conferences focused on the digital transformation of the insurance industry. The events bring together insurance executives, disruptors, and technology leaders to discuss the future of the sector. The goal is to facilitate networking, collaboration, and the exchange of ideas that can drive innovation and business growth.</p> <p>Key Aspects</p> <p>Target Audience: The conferences are designed for a senior-level audience. Attendees typically include CEOs and other C-suite executives, directors, and heads of departments from insurers, reinsurers, and brokers, as well as founders of InsurTech companies and investors.</p> <p>Content Focus: The agenda is built around the latest trends and challenges facing the insurance industry. Common topics include:</p> <p>Artificial Intelligence (AI): The practical applications of AI and generative AI in claims, underwriting, and customer experience.</p> <p>Digital Transformation: Strategies for moving beyond legacy systems and building a "digital-first" insurer.</p> <p>Emerging Risks: Adapting to new risks, such as climate change, cyber threats, and evolving customer expectations.</p> <p>Operational Optimization: Using technology to improve efficiency and drive better business outcomes.</p> <p>Format: The events feature a variety of formats, including keynote speeches from high-profile industry leaders, expert-led panel discussions, and dedicated stages for different topics. There's a strong emphasis on networking through dedicated apps and pre-scheduled one-on-one meetings.</p> <p>Global Presence: Insurance Innovators hosts major conferences in key markets, including:</p> <p>Insurance Innovators Summit (Europe): A large-scale event in London, attracting a global audience.</p> <p>Insurance Innovators USA: A major conference in the United States, often held in cities like Nashville, that focuses on the American market.</p>	https://insurance-innovators.com/events/usa/	
LIC Technology Committee Meeting Strategies for Innovation	May 20 - 21 2026	One Commerce Square, Philadelphia	<p>The LIC Technology Committee Meeting is a networking and educational event specifically for CIOs, CROs, and IT executives from small-to-midsize life insurance companies. The meeting is a venue for these professionals to discuss the unique challenges and opportunities they face with their peers.</p> <p>Strategies for Innovation</p> <p>The meeting's agenda focuses on strategies for innovation that are relevant to smaller companies with limited resources. These strategies often center on leveraging technology to improve business outcomes without the budget of a larger carrier. Key areas of discussion include:</p> <p>Artificial Intelligence (AI) and Generative AI: Sessions often include case studies from member companies on how they are adopting AI, developing an AI strategy, and ensuring data readiness for implementation.</p> <p>Customer Experience (CX): The committee discusses how to use technology to enhance customer experience, with a focus on digital tools for seamless customer journeys and staying competitive as consumer expectations evolve.</p> <p>Operational Efficiency: Discussions cover a range of practical topics, such as digital payment systems, data security, and migrating to new policy administration systems (PAS) to streamline operations.</p>	https://www.loma.org/en/events/lic-meetings/2025/lic-technology-committee-meeting/	
ITC Europe	coming soon	coming soon	<p>ITC Europe is a major annual conference focused on InsurTech, the application of technology to the insurance industry. It's a premier event that brings together insurers, startups, and investors to discuss innovation and digital transformation.</p> <p>Key Aspects</p> <p>Focus on Innovation: The conference is dedicated to exploring how technologies like AI, IoT, and data analytics are disrupting and reshaping the insurance value chain. Sessions cover everything from automating claims and underwriting to improving customer experience.</p> <p>Target Audience: ITC Europe attracts a senior-level and diverse audience. This includes executives from established insurance carriers, founders of InsurTech companies, venture capitalists, and other technology solution providers.</p> <p>Networking: The event is a key platform for building professional relationships and making new business connections. It often features a curated matchmaking program, and a vibrant, festival-like atmosphere designed to encourage collaboration.</p> <p>Startup Showcase: A significant feature is the DIA Innovation Zone, a platform where startups can pitch their solutions to a live audience of insurers and investors.</p> <p>The conference is a must-attend for anyone in the European insurance industry who wants to stay informed on the latest technological advancements and understand the future direction of the sector.</p>	https://europe.insuretechconnect.com/register-interest-itc-europe-2026

Future Proof Festival	coming soon	coming soon	<p>The Future Proof Festival is a major annual event for the wealth and investment management industry, known for its unique, festival-like atmosphere. It's a key gathering for financial professionals that rejects the traditional conference format of stuffy ballrooms and scripted panels. Instead, it takes place in an open-air, beachside setting.</p> <p>Key Aspects Focus on Modernization: The festival is dedicated to the modernization and advancement of the wealth and investment management industry. The agenda covers a wide range of forward-thinking topics, including the role of artificial intelligence (AI), evolving investment delivery models, and serving the "100-Year Investor."</p> <p>Target Audience: It attracts a broad and influential audience, including thousands of financial advisors, wealth management executives, LPs, asset managers, fintechs, and media. It is designed for those looking to stay ahead of the curve and connect with the most innovative minds in the industry.</p> <p>Unique Format: The festival is known for its unconventional format, combining educational content with live music, art, and immersive experiences. It trades conference halls for sandy beaches and a vibrant atmosphere.</p> <p>"Breakthru" Meetings Program: A signature feature is its technology-driven matchmaking program, Breakthru. This platform facilitates tens of thousands of pre-scheduled, one-on-one meetings between attendees, making networking more efficient and intentional.</p> <p>Global Presence: While the main festival is held in Huntington Beach, California, the brand has expanded with other events, such as Future Proof Citywide, which takes over a large part of Miami Beach, creating an immersive, multi-venue experience.</p> <p>The Future Proof Festival is considered a must-attend event for financial professionals who want to learn about cutting-edge strategies, build valuable partnerships, and network in a dynamic and engaging environment.</p>		
HORIZONS 2026	coming soon	coming soon	<p>technology provider specializing in digital sales automation for the insurance, financial services, and wealth management sectors. ACORD CONNECT 2026	coming soon	coming soon	<p>ACORD CONNECT is the annual conference for ACORD, the global standards-setting body for the insurance industry. The event serves as a platform to recognize the achievements of the ACORD community and provide valuable education and insights.</p> <p>Key Aspects</p> <p>Focus on Standards and Innovation: The conference is dedicated to the latest developments in ACORD Standards and Architecture. It explores how these standards enable efficient data exchange, digital transformation, and global interconnectivity within the insurance sector. The agenda often includes case studies on how companies are implementing these standards.</p> <p>Target Audience: Attendees are primarily members of the ACORD community, including thought leaders, key influencers, and technical professionals from across the global insurance industry. It's for anyone involved in leveraging technology and standards to improve workflows and data accuracy.</p> <p>Educational Sessions: The conference features sessions on a wide range of industry topics, such as the power of collaboration, the latest in insurance innovation, and current business and technology trends. It's a prime opportunity for attendees to enhance their expertise.</p> <p>ACORD Awards: A key highlight is the annual ACORD Awards, which celebrate individuals and organizations for their outstanding achievements in implementing ACORD Standards and their advocacy for the community.</p>		

Underwriting Innovations Symposium - SOA			<p>The Underwriting Innovations Symposium is a key professional development event for actuaries, underwriters, and other professionals in the life insurance industry, organized by the Society of Actuaries (SOA). The symposium's purpose is to explore the latest trends and technologies that are transforming underwriting practices.</p> <p>Key Aspects</p> <p>Target Audience: The conference is specifically designed for a cross-functional audience of underwriters, actuaries, medical directors, and other life insurance professionals. This mix of attendees is crucial for fostering a collaborative environment.</p> <p>Content Focus: The agenda is built around cutting-edge topics in underwriting. Sessions often cover the impact of artificial intelligence (AI), the challenges and opportunities of accelerated underwriting, and the ethical considerations of using new data sources.</p> <p>Networking: A significant feature of the symposium is the opportunity for peer-to-peer networking. The event includes interactive sessions and facilitated discussions where attendees can share ideas and find solutions to common challenges.</p> <p>Continuing Education: As an SOA-sponsored event, the symposium provides a valuable opportunity for attendees to earn continuing professional development (CPD) credits, which are essential for maintaining their professional certifications.</p>
