VERITYPAY

Free for your business. Their money. Their choice.

Send refunds, rebates, deposits and claims by text. Every recipient decides how to get paid: instantly for a small fee, or by free paper check.

Your customer always has two options.

Get it now

Small Fee

Money in minutes to a debit card, bank account, Venmo or PayPal. The fee is shown up front, before they confirm.

OR

Free paper check

Always Free

Always available, with no fee. The recipient confirms their mailing address, and the check goes out through your existing process. Arrives in 30+ days.

The customer decides. Never your business. No pressure and no traps. Either way, you pay **$0.**

97% of texts are read. Emails get buried.

3 taps from text to paid, on any phone

$0 to your business. No setup or payout fees.

VERITYPAY

Built for your business. Loved by your customers.

Their choice, every time
Instant payout for a small fee, or a free paper check. The recipient picks.

Free to send
No onboarding fees and no per payout fees. No budget line to approve.

Instant reconciliation
Every payout and every choice tracked in real time, with full audit history.

Compliant by design
A free payout option is always offered, so your program stays compliant.

Verified and secure
Your brand on a verified sender. SOC 2 Type II. Patented platform.

83% go digital
83% of recipients choose a digital payout. At $8 to $10 per check, the savings add up fast.

Compliance with modern flexibilty: Free disbursements are always available by check, just like today. Keep your existing check issuance process and simply add the option of faster digital payouts with VerityPay.

1
The refund arrives
A verified text shows the amount and every payout option, right in the thread.

2
They compare
